April 2020 – Wisper ISP and KwiKom Communications are happy to announce the purchase of Pixius Communications, LLC. Wisper will be acquiring Pixius customers within the Kansas City, MO and Western Missouri area. KwiKom will procure the Pixius customers within the Wichita, KS and Central Kansas area.

All three companies are working to make the change as smooth a transition as possible for the Pixius customers. Wisper and KwiKom look forward to providing a high level of customer service to Pixius customers. The teams at Wisper and KwiKom plan to make upgrades to the Pixius network shortly after gaining access. The engineering staff at Pixius has developed a strong network and KwiKom is excited to bring on their knowledge and experience to assist with their build-out and upgrade efforts.
